Welcome to the pcmturner installation guide Preparation before installation:

1 Connect the device to the computer with power cable and USB cable, and plug the smart lock dongle into computer, like what I show you here .

2 Close all anti-virus software and firewall on the computer (the system firewall should also be closed. According to the system and software, Google how to close it if you dont know how to handle.)

3 Go to http://tuner-box.com download tool software

Like this check below picture

4 unzip the downloaded software check below

5 then you will get 3 files like below

Date modified
